CONGREGATIONAL SONG

I LOVE YOU LORD

I love You, I love You, I love You Lord, today;
because You cared for me in such a special way.

That's why I praise You, I lift You up,
and I magnify Your name;

that's why my heart is filled with praise.

My heart, my mind, my soul belongs to You.
You paid the price for me, way back on Calvary.

That's why I praise You, I lift You up,
and I magnify Your name;

that's why my heart is filled with praise.

Oh yes, that's why my heart is filled with praise....

I NEED YOU TO SURVIVE

I need you; you need me. We're all a part of God's body
Stand with me agree with me.

We're all a part of God's body

It is his will that every need be supplied
You are important to me; I need you to survive.
You are important to me; I need you to survive.

I'll pray for you; you pray for me.

I Love you; I need you to survive.

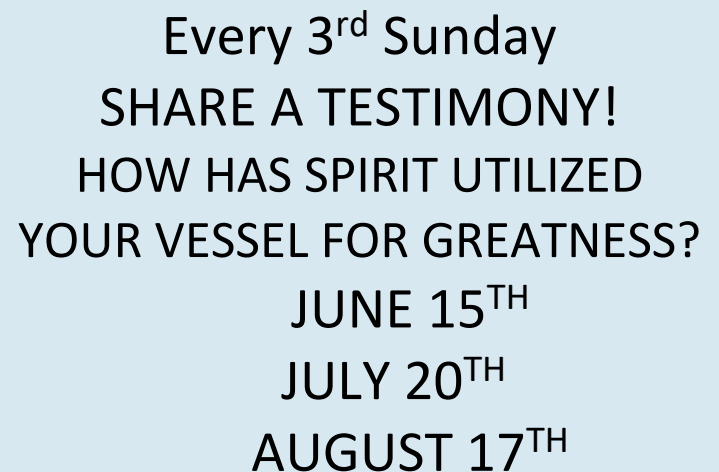

I won't harm you, with words from my mouth,
I love you; I need you to survive. (Repeat 2x)

It is his will, that every need be supplied.
You are important to me; I need you to survive.

Whatever the Question!

Our Vision

- To recognize, respect, honor, and nurture the uniqueness in all people.
- To serve the needs of people through practicing the principles of truth in our everyday lives.
- To see every community, awaken to the Spiritual Truth of their own being, starting here starting now.

Our Mission

- To empower, enlighten and provide a space to create, develop and maintain a loving relationship with God.
- Provide guidance to discover the Christ Principle within oneself and all people.
- To assist in recognizing the reality of God's Word along with the Science of Mind philosophy as tools for Spiritual Freedom.

Our Declaration

We will honor and teach in a manner that Inspires,
Nurtures and Glorifies the God presence within all of
God's creations.

We will allow the life of Jesus to be an example as to the way
we live, move, and experience our beingness.

We will continue to grow in the understanding that,
"Ye are the light of the world."

What We Believe – The Declaration of Principles

We Believe in God, the Living Spirit Almighty; one, indestructible, absolute, and self-existent Cause. This One Manifests Itself in and through all creation but is not absorbed by Its creation. The manifest universe is the body of God; it is the logical and necessary outcome of the infinite self-knowingness of God.

We Believe in the individualization of the Spirit in us, and that all people are individualizations of the One Spirit.

We Believe in the eternality, the immortality, and the continuity of the individual soul, forever and ever expanding.

We Believe that heaven is within us, and that we experience it to the degree that we become conscious of it.

We Believe the ultimate goal of life is to have complete freedom from all discord of every nature, and that this goal is sure to be attained by all.

We Believe in the unity of all life, and that the highest God and the innermost God is one God.

We Believe that God is personal to all who feel this indwelling Presence.

We Believe in the direct revelation of truth through our intuitive and spiritual nature, and that anyone may become a revealer of truth who lives in close contact with the indwelling God.

We Believe that the Universal Spirit, which is God, operates through a Universal Mind, which is the Law of God; we are surrounded by this Creative Mind which receives the direct impress of our thought and acts upon it.

We Believe in the healing of the sick through the power of this Mind.

We Believe in the control of conditions through the power of this Mind.

We Believe in the eternal Goodness, the eternal Loving-kindness, and the Givingness of Life to All.

We Believe in our own soul, our own spirit, and our own destiny; for we understand the life of All is God.

HOPE in Living Color

Part of being optimistic is keeping one's head pointed toward the sun, one's feet moving forward. There were many dark moments when my faith in humanity was sorely tested, but I would not and could not give myself up to despair.

— Nelson Mandela, "Long Walk to Freedom"

Color belongs to us because God is a colorful being. How can that which painted nature with such a lavish brush be anything but colorful?

— Ernest Holmes, Science of Mind magazine, April 1996 issue, page 9

Harvey Milk said, "Hope will never be silent." What does this mean to you?

For some, hope is a form of wishing. It offers thoughts and prayers with no substantive action. It's the dead representation that results from faith without works. Active, healing, life-affirming hope requires a different mental equivalent.

Are we ready for a hope that lives in living color? I express it this way: HOPE, which stands for How Our Power/Presence Expresses.

A world that works for all requires this kind of hope. This is the hope that emerged as the Gay Liberation Movement and fueled the ACT UP movement. This is the hope that inspired the suffragettes and the abolitionists. This hope burned in the belly of Nelson Mandela while in a cell on Robben Island and Dr. Martin Luther King Jr. while in a Birmingham jail.

This HOPE, how our power expresses, how our presence expresses, is the hope that is an open heart and open mind. It is the hope that communicates even when it is uncomfortable. It serves even when others do not understand or agree. It is rooted in principle even when the ground around us breaks and shakes.

Dietrich Bonhoeffer also spoke of what it means to be silent. He wrote, "Silence in the face of evil is itself evil. Not to speak is to speak. Not to act is to act." Hope acts. It serves, heals, comforts. And it speaks truth because it must, because it has no other choice.

AFFIRMATION

My life is the activity of a vibrant and colorful hope. Wherever I am, the power of this hope heals all I come in contact with.

WEEKLY AFFIRMATIONS

Taken from Science of Mind Magazine
A Guide for Spiritual Living
Monday, June 9, 2025

I, like the Buddha, am ever-awakening. With each breath, awakening. With each thought, awakening. With each interaction, awakening. I am forever vigilantly awakening to my divine nature.

Tuesday, June 10, 2025

I am free from all bondage, internal or external. As an expression of divine freedom itself, I live in ways that ensure all beings are free.

Wednesday, June 11, 2025

I am a gloriously beautiful, multifaceted, multidimensional, inter meta-sectional expression of Oneness. I am a living, moving, breathing expression of how God does diversity, and I celebrate it.

Thursday, June 12, 2025

It is my nature to soar into infinite amazing experiences of life simply because I recognize myself as the Infinite Presence expressing Itself in, through and as me.

Friday, June 13, 2025

Amen, which means certainty and agreement with truth, is expressed in all I do because it is all that I am, and my being is the out-picturing of God's amen.

Saturday, June 14, 2025

I recognize, honor and celebrate the divine beauty of the Universe as It colorfully shows up as all of creation.
