CONGREGATIONAL SONG

I LOVE YOU LORD

I love You, I love You, I love You Lord, today;
because You cared for me in such a special way.

That's why I praise You, I lift You up,
and I magnify Your name;

that's why my heart is filled with praise.

My heart, my mind, my soul belongs to You.
You paid the price for me, way back on Calvary.

That's why I praise You, I lift You up,
and I magnify Your name;

that's why my heart is filled with praise.

Oh yes, that's why my heart is filled with praise....

I NEED YOU TO SURVIVE

I need you; you need me. We're all a part of God's body
Stand with me agree with me.

We're all a part of God's body

It is his will that every need be supplied

You are important to me; I need you to survive.

You are important to me; I need you to survive.

I'll pray for you; you pray for me.

I Love you; I need you to survive.

I won't harm you, with words from my mouth,

I love you; I need you to survive. (Repeat 2x)

It is his will, that every need be supplied.

You are important to me; I need you to survive.

LA THIRD CHURCH **FOR SPIRITUAL LIVING**

Whatever the Question!

Our Vision

- To recognize, respect, honor, and nurture the uniqueness in all people.
- To serve the needs of people through practicing the principles of truth in our everyday lives.
- To see every community, awaken to the Spiritual Truth of their own being, starting here starting now.

Our Mission

- To empower, enlighten and provide a space to create, develop and maintain a loving relationship with God.
- Provide guidance to discover the Christ Principle within oneself and all people.
- To assist in recognizing the reality of God's Word along with the Science of Mind philosophy as tools for Spiritual Freedom.

Our Declaration

We will honor and teach in a manner that Inspires,
Nurtures and Glorifies the God presence within all of
God's creations.

We will allow the life of Jesus to be an example as to the way
we live, move, and experience our beingness.

We will continue to grow in the understanding that,
"Ye are the light of the world."

What We Believe – The Declaration of Principles

We Believe in God, the Living Spirit Almighty; one, indestructible, absolute, and self-existent Cause. This One Manifests Itself in and through all creation but is not absorbed by Its creation. The manifest universe is the body of God; it is the logical and necessary outcome of the infinite self-knowingness of God.

We Believe in the individualization of the Spirit in us, and that all people are individualizations of the One Spirit.

We Believe in the eternality, the immortality, and the continuity of the individual soul, forever and ever expanding.

We Believe that heaven is within us, and that we experience it to the degree that we become conscious of it.

We Believe the ultimate goal of life is to have complete freedom from all discord of every nature, and that this goal is sure to be attained by all.

We Believe in the unity of all life, and that the highest God and the innermost God is one God.

We Believe that God is personal to all who feel this indwelling Presence.

We Believe in the direct revelation of truth through our intuitive and spiritual nature, and that anyone may become a revealer of truth who lives in close contact with the indwelling God.

We Believe that the Universal Spirit, which is God, operates through a Universal Mind, which is the Law of God; we are surrounded by this Creative Mind which receives the direct impress of our thought and acts upon it.

We Believe in the healing of the sick through the power of this Mind.

We Believe in the control of conditions through the power of this Mind.

We Believe in the eternal Goodness, the eternal Loving-kindness, and the Givingness of Life to All.

We Believe in our own soul, our own spirit, and our own destiny; for we understand the life of All is God.

Living Beyond the Beyond

I'm not saying get rid of those 12 notes. I love what music has done and what it will be. But as a musician who is concerned about music, I say, what's beyond those 12 notes?

— Ytasha L. Womack, "Afrofuturism: The World of Black Sci-Fi and Fantasy Culture"

The stars in the heavens are beyond counting. The grains of sand on the beaches are innumerable. The leaves on the trees continue to multiply. Nature is lavish, abundant, extravagant.

— Ernest Holmes, "Discover a Richer Life," page 54.1

If the universe is as Holmes describes, why do we spend so much time erecting walls of limitation? Do we believe what he said? We live based on our beliefs, whether conscious or subconscious. Are we willing to excavate and examine our beliefs to arrive at a more expansive experience of spiritual truth?

Have you ever been asked to rate something on a scale of zero to 10? At some point, I realized I wanted to know if something was beyond 10, and if so, I wanted to experience it. Living beyond the beyond, what I refer to as "trans-spiritual living," is living beyond the boundaries someone else set for us. As Ytasha L. Womack asks, "What's beyond those 12 notes?"

If we do not question what is beyond the current operating systems, how can we ever evolve and create a world that works for all? As a quote, often attributed to Einstein, says, "The definition of insanity is doing the same thing over and over again and expecting different results."

And this is not just the day-to-day systems of politics, education or health care. I also am referring to going beyond an anthropomorphic God. A trans-spiritual life is one where we take to heart Holmes' words: "For the only God you and I will ever know is the One we embody. Never forget that."

Accepting that, we can move beyond the idea of a God that exists somewhere out there to the embodiment of God right here.

AFFIRMATION

I create using new notes, new colors, new ideas and new systemic ways of being that have equity, justice, belonging, compassion, health and wellness as their foundation.

SUNDAY JUNE 22, 2025

WEEKLY AFFIRMATIONS

Taken from Science of Mind Magazine
A Guide for Spiritual Living

Monday, June 23, 2025

I am free – free to live my best life and free from the boxes of complacency, apathy and conformity. This freedom liberates others from any and all boxes they experience.

Tuesday, June 24, 2025

I am a conscious expression of heaven on Earth, and I bring this healing awareness into every room, every conversation and every prayer I declare for the world.

Wednesday, June 25, 2025

I embody the teachings of all the great teachers. I study, embody and practice the life-changing spiritual truths encompassed within Science of Mind.

Thursday, June 26, 2025

My life is faith in human form. This life, this faith, is a mighty force for healing and evolution. And that is exactly what I am..

Friday, June 27, 2025

Today, I spread the wings of my consciousness, and I soar through the vast expansiveness of my mind, knowing there is only one Mind and that Mind is God.

Saturday, June 28, 2025

Faith is a verb, an action. I don't just say a prayer. The way I live my life is how I pray, and I pray for a world that works for all.
